

## 1 Song Free Sample Mixing/Mastering Service - 2 STEPS UPLOAD MINIGUIDE

We're happy you're here!

To ensure You the Best Results check the 2-Easy-Steps below, **BEFORE** uploading your files.

### 1. FILE EXPORT

For **Mixing/Mastering** Service: Bounce the separate Song's Tracks (each from the **Same Starting Point**): Please **Do Not Add** any Eq, Compression or other mixing-related processing ). Include **Midi** files if needed.

For **Mastering** only, just export the Stereo Mix or Stem Files and Please **Do Not Add** any processing in the final Mix Bus.

Just let us handle everything for you :)

Recommended export format: **24bit/44.100Khz Wav or AIFF files.**

### 2. TRACK NAMES

**Label your Files with Track Names** so that we'll know which instrument is which and also include a **BPM note.**

Make a compressed file and you're ready to Upload!

Thanks for trying our Mixing and Mastering services, we'll work on your Song as soon as you're done Uploading it and we'll do our best to make you happy :)
